

Northwind Analytics — Remote Work Policy (Detailed)

1. Eligibility

All employees who have completed their 90-day probationary period are eligible to request remote work arrangements. Eligibility is reviewed annually by HR in partnership with the employee's manager.

2. Frequency

Standard remote work allowance is up to three days per week.

Employees based more than 50 miles from a Northwind office may request a fully remote arrangement of five days per week.

3. Equipment

Northwind provides a laptop, monitor, and a one-time \$300 home office stipend to employees approved for remote work. Additional equipment requests are reviewed on a case-by-case basis by IT.

4. Security Requirements

Remote employees must use the company VPN when accessing internal systems and must enable full-disk encryption on all company devices. Public Wi-Fi may only be used with the VPN active.

5. Review

This policy is reviewed annually every January by the People Operations team and may be updated based on business needs.
